Seniors Rugby

The Seniors played on the 27th May and for the first time the clubhouse was put into full use. Changing rooms and showers were in use and the clubhouse was fully open serving food and drink.

The match was played in bright sunshine with Pewsey running out 55-33 winners over a spirited Army side who never gave up. Over 22 players played some or all of the match. The game was played at a fast pace and Pewsey definitely benefitted for the high attendance at training scoring some great tries with fast rugby and great support play.

Junior Rugby

The final day of the Junior season saw the return of dodge ball before the under 13 side took on Devizes. The standard of Rugby was high, and Pewsey ran out comfortable winners.

Prior to the start of the game all the players were presented their club ties by Club Chairman Peter Curle

The club is delighted to announce that we have received a donation to allow us to start the construction of a gym inside the clubhouse. Work is underway to convert what originally planned as a storeroom into a gym, complete with a range of weights and equipment. We expect everything to be ready by the start of next season.

It is intended that the facilities will be for the exclusive use of members. More details to follow.

CLUBHOUSE UPDATE

Building work at the clubhouse is now largely complete. The club has applied for a Premises Licence in order to be able to serve alcohol. Congratulations to Peter Curle and Dave Jones who have passed their exams to be the supervisors for the licenced premises.

The club is now installing an EPOS till system which will be used for the purchase of goods and services over the bar. All members will be issued with a membership card which will allow them to access discounted prices for drinks purchased at the bar. Members will also be able to load cash on the card to create a cashless system. Once you have the card make sure you keep it on you to ensure you get your member's discount.
